Innovating UAV Solutions for a Smarter Future

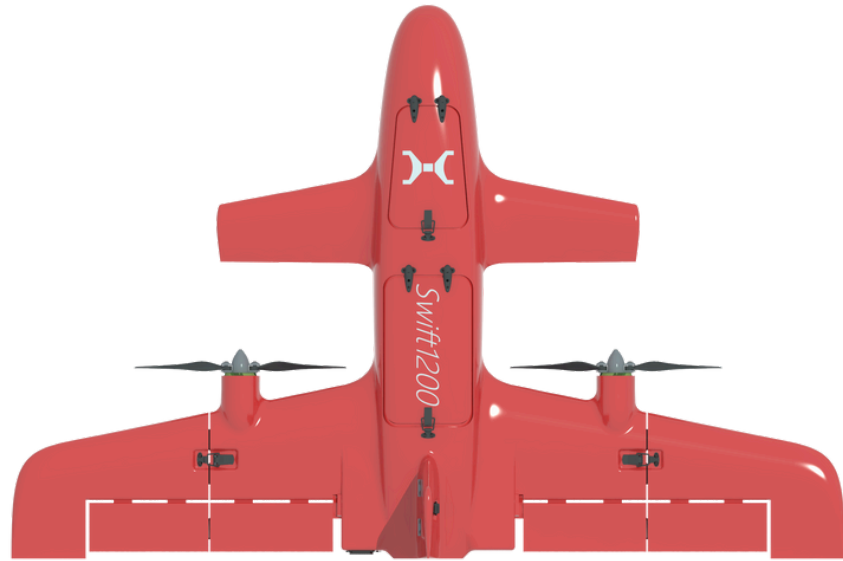

About us

Aerotransition Technology is an UAV company dedicated to providing high-quality, cost-effective UAV solutions. We specialize in manufacturing of UAVs including multirotors, VTOL UAVs, and fixed-wing systems, catering to diverse industry needs.

Our expertise extends beyond manufacturing—we offer comprehensive UAV-based services, training programs, and internship opportunities for aspiring drone professionals.

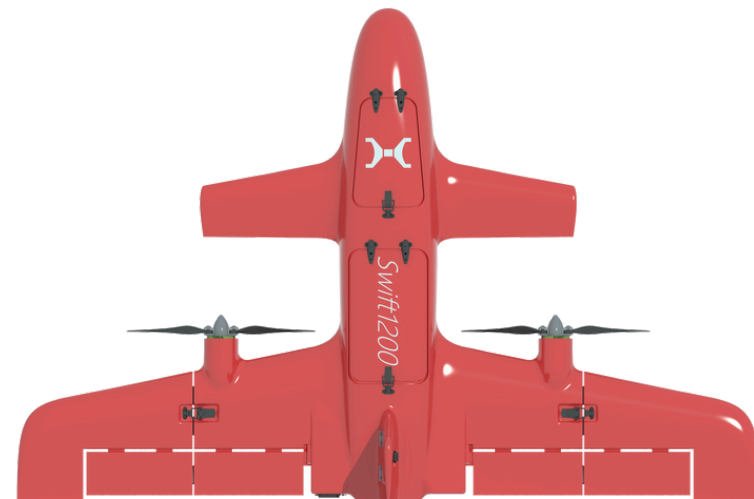

Vision & Mission

To be a leader in UAV manufacturing and services, empowering industries and individuals with high-performance drone technology and professional training.

To deliver cutting-edge UAV solutions that blend innovation, affordability, and reliability while fostering skill development in the drone industry.

Our Products

1

Tailsitters UAV

2

V-Toll Drones

3

Fixed wing Drones

4

Kamikaze Drone

5

Multi-Rotor Drone

Our Services

1 3D Mapping & Survey

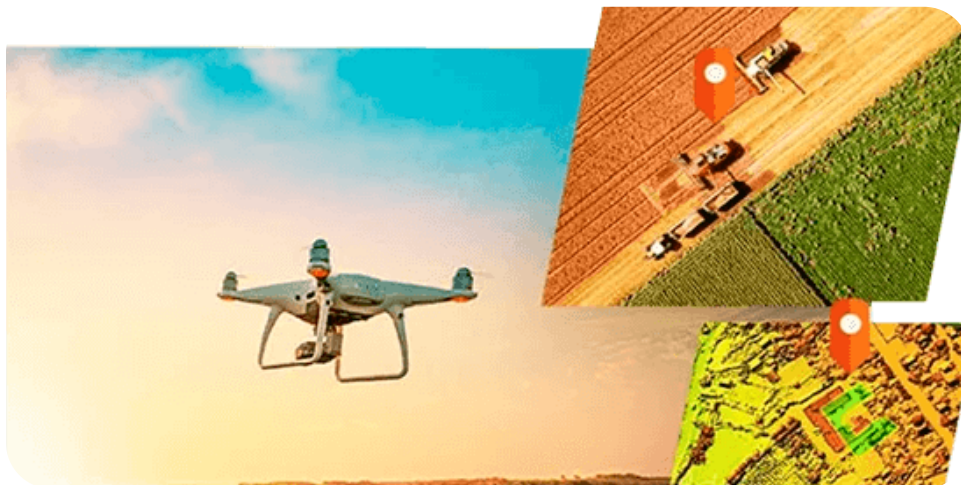

2 Surveillance, & Inspection

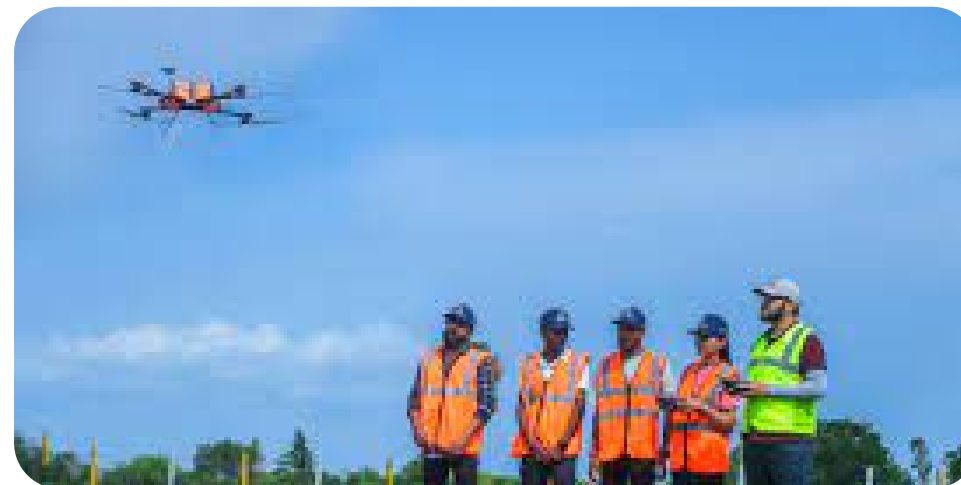

3 Build Custom Drones

4 Agriculture Projects

5 Industrial Training & Internship

6 Deals In UAV Parts

Industries We Serve

1 Aerial Mapping & Surveying

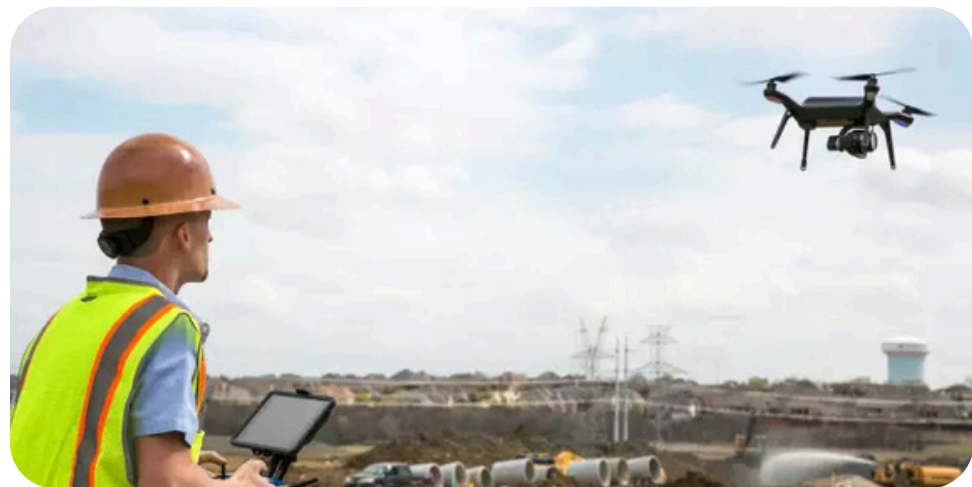

2 Defense & Security

3 Agriculture & Forestry

4 Industrial & Commercial Applications

4 Infrastructure Inspection

4 Disaster Response

Why Choose Us?

- **High-Quality & Cost-Effective:** Reliable UAV solutions at competitive prices.
- **End-to-End Services:** From manufacturing to operational support.
- **Training & Skill Development:** Equipping the next generation of drone professionals.
- **Made in India:** Advanced technology developed locally.
